About Atlantis Investment Management

Atlantis Investment Management was founded in London in 1994 by three star ex-Schroders fund managers. Ms Yang Liu, now Atlantis' Chairman and Chief Investment Officer, joined Atlantis in 2002 as a Fund Manager. As Yang grew to become one of the most recognised names in China investing, she acquired the Atlantis Group in 2009. Under Yang's direction, Atlantis' center of gravity has shifted to China. Our headquarters is now in Hong Kong, where we occupy the 35th floor of the Centrium skyscraper high above the Central District. Since inception, Atlantis has been dedicated exclusively to Asian equity strategies. Our two main investment focuses, China and Asia, are operated independently and led by our dedicated portfolio managers. While the non-investment functions (risk management, legal and compliance, trading, operations, marketing and investor relations) are provided from Hong Kong, our investment and research professionals are based regionally in Asia – Hong Kong, Shanghai and Singapore. This enables our investment professionals to focus on what they do best and provide us our key advantages: local, street-level intelligence. Atlantis currently offers a wide range of services for global institutional investors through the Atlantis funds and via segregated mandates.
